LeadingAge Illinois is the Illinois state affiliate of LeadingAge and Argentum.

Overview

As nursing homes experienced unprecedented staff turnover, the need became apparent to get “back to the essentials” and provide education related to essentials for the Minimum Data Set (MDS), Skilled Care, and PDPM. Medicare audits occur frequently throughout the health care continuum and assurance that your documentation supports the care you provide to a resident is crucial to assuring your Medicare reimbursement is not affected. Decreasing occupancy and the increasing need for financial stability means that LTC organizations need to assure they accurately capture every dollar of Medicare reimbursement.

This *three-part webinar series* will provide members the knowledge of what “skill” services are available, the interdisciplinary team documentation requirements to support this service, and MDS coding, plus how to audit Medicare charts.

To Skill or Not to Skill

Tuesday, Nov. 2, 2021 • 2-3 p.m. CST

What is “Skill” for nursing under Medicare Part A? This presentation will discuss the characteristics that support a resident requiring skilled care in a skilled nursing facility.

- Define “Skilled” care under a Medicare Part A stay.
- Verbalize the components of skilled documentation: Observation, Assessment, and Monitoring on a daily basis.
- List three examples of skilled nursing care and how to ensure the documentation supports it.

The Intersection of Nursing Documentation and Therapy Services

Tuesday, Nov. 9, 2021 • 2-3 p.m. CST

What therapy components affect Skilled Care and how does nursing documentation support it? This presentation will discuss the importance of section GG and how nursing documentation is integrated into therapy goal setting.

- Identify three speech language pathology (SLP) components of PDPM and how to document them.
- Verbalize the importance of section GG and how nursing documentation is integrated into therapy goal setting.
- Demonstrate interview techniques for BIMs and PHQ9 to ensure accuracy.

Capturing Accurate NTAs to Create an Effective Plan of Care

Tuesday, Nov. 16, 2021 • 2-3 p.m. CST

What is a Non-Therapy Ancillary (NTA) and why is it important? This presentation will discuss the documentation needed to support the coding of the non-therapy ancillary component on the MDS.

- Define what a NTA is and how it effects care and reimbursement.
- Verbalize what documentation is needed to support the coding of a NTA on the MDS.
- Outline examples of care planning to support the NTA coding.

Faculty

Barbara Patterson-Paul, RN, BSN, RAC-CT, Vice President, Select Solutions Nurse Consulting Division, Select Rehabilitation

Skilled Nursing Documentation for PDPM

Who Should Attend

RAI/MDS Coordinators, Directors of Nursing, Nurse Managers/Staff and Leaders, QA, Staff Development, Rehabilitation Services, Nursing Home Administrators, and others on your team in nursing facilities and CCRC's who impact MDS/PDPM processes. Appropriate for SNF programs.

Registration and Fees

Registration fees include one registration link. There is no limit to staff participation when using the same registration link (registration link may not be forwarded to others).

A recording of the webinars are NOT included with registration.

Registration instructions and handout materials will be sent to the contact person listed on the registration 24 hours prior to the start of the webinar.

Member Rate: \$79/line (1 webinar), \$150/line (series)
Non-Member Rate: \$158/line (1 webinar), \$300/line (series)

This webinar is NOT included in the Webinar Subscription Program for CCRC's and nursing homes.

Continuing Education Credit and Policy

LeadingAge Illinois, as an approved sponsor of continuing education through the Illinois Department of Financial and Professional Regulation, will provide the following professionals licensed in Illinois:

nursing home administrators, nurses, clinical social workers/social workers, registered and certified public accountants, physical therapists/physical therapy assistants, occupational therapists/occupational therapy assistants, and professional counselors/clinical counselors

with up to 1.0 continuing education credit hours with full participation and documented attendance *per webinar*.

When offering CE credit, LeadingAge Illinois must abide by the rules and regulations of all applicable professional accrediting boards and agencies. As such, LeadingAge Illinois cannot provide CE credit to participants who call in late or leave the webinar early.

LeadingAge Illinois webinars deliver value to you with:

- No travel costs and time out of the building
- No limit to the number of staff who can participate LIVE and receive CE credit
